**Hiring Committee**

Parking & Transportation

Dear Hiring Committee,

I am excited to apply for the support staff position within Parking & Transportation at the University of Texas at Dallas. With a strong background in organizational management, data analysis, and customer service, I am eager to contribute to the smooth operation of your academic and administrative functions while supporting your team's mission of excellence.

In my current role as General Secretary of the ITM Student Leadership Council, I've gained experience managing financial records, coordinating operations, and ensuring effective communication across diverse teams. I have worked on creating streamlined processes and maintaining high standards of organization—skills that translate seamlessly into managing accounts, data entry, and administrative tasks for Parking & Transportation.

My previous work experience at Siemens Technology and Services and my academic background in Information Technology and Management have equipped me with technical proficiency in Microsoft Office Suite and tools for financial analysis and reporting. I have consistently demonstrated exceptional attention to detail, whether in reconciling data, analyzing trends, or maintaining accurate documentation.

What particularly excites me about this role is the blend of logistical and customer-facing responsibilities. My time as a team leader and event organizer has instilled in me the ability to manage competing priorities while delivering excellent service. I pride myself on being adaptable, reliable, and proactive in addressing challenges, all while maintaining a customer-first approach.

Key highlights of my qualifications include:

- Strong organizational and time management skills, ensuring efficiency in administrative and financial tasks.
- Proven ability to handle multiple assignments independently while meeting deadlines.
- A commitment to accuracy in financial records and documentation.
- Exceptional interpersonal and communication skills, fostering professional relationships across all levels.

I am excited about the opportunity to join your team and contribute my skills to the success of Parking & Transportation. Thank you for considering my application. I would welcome the chance to discuss how my experiences align with your needs and look forward to the opportunity to interview.

Sincerely,

**Rishabh Balaiwar**
